

WORKSHOP ON BASICS OF PHOTOGRAPHY AND VIDEOGRAPHY

On 13th February 2019 workshop on Basics of Photography and Videography was conducted for the 18 UDJ batch students by KAUSHAL Kendra. Mr. Paul Gregory, a professional photographer and a cinematographer, was the resource person. The full day workshop was conducted in the classroom, multimedia lab of Viscom department and Multimedia Lab at KAUSHAL Kendra.

From getting fresh inputs on the principles for everything of photography to the challenging areas of colour temperature, students received a hands-on experience through the workshop. It was truly amazing for the students to see how lights can change a canvas or an object totally, providing it with a gentle nudges of perfection to enhance the final outcome.
