

## Industrial to Visit to Prasad Lab: A Great Learning Experience 09 October 2019

On Wednesday, 09 October 2019 at 10:00am the 1<sup>st</sup> year students of M.Voc 3D Animation along with 2 Professors from the department of KAUSHAL KENDRA visited the Prasad Film Lab and Prasad Studios located in Saligramam, Chennai.

Mr. Arun from Prasad Studios explained the whole production pipeline of the studio. We were also presented for a detailed understanding. At the discussion after the video he explained the history of Indian Films in comparison with their Hollywood counterparts.

Students were also provided a brief understanding about the Visual Effects Pipeline and the planning made behind the production. On the way to the hall we observed the manual for industrial equipment at the Prasad film lab for various movie making process at the time of anodised film. It was history unfolding before us. We also had a look at their gallery of trophies.

## Movies Screened At Prasad Studio

Two sets videos projected, first one on Visual Effects-breaking down the making of movies, the second on major projects and award winning movies. DI work area (Digital Colour Grading) was explained by Mr. Joseph, senior DI. Students were provided step by step process of converting Anodized movie to a Digital File Format and doing the Colour Grading for the same.

The visit was a very good learning experience. Because, we were learning from the best of the people, from one of the best studios connected with film making in India.
