

## Students' Testimony (2017-18)

Post Graduate Diploma in Human Resource Management opened opportunities and platforms for me to deliver what I am best at. Being a student at LIVE is unique in its own right. The studies are perfectly balanced with extra-curricular activities to achieve overall development of the students. The professors are all industrial experts and are able to provide excellent industrial experience with practical aided learning. The classroom teaching, expert lectures, field visits and other co-curricular activities have developed my knowledge immensely.

Studying Film Editing at LIVE has helped me to mould my passion for the art professionally, and has helped bring the best out of me. My experience in learning under professionals in various fields is something I cannot expect to find elsewhere. The skills, knowledge, and exposure about the industry learnt here, have helped me understand and face the world of media with confidence.

I'm very happy to be a student of LIVE. At first, I was blank but LIVE guided me in the path to become a camera woman. Learning camera was my dream and it happened here. I have molded my skills in such a way that I feel that I can do my best. Thank you LIVE for giving me such good motivation and experience.

The CAT classes undertaken in Loyola LIVE were interactive; I have gained knowledge in all the sessions. The faculty who has handled the first section, the verbal, made it interesting and interactive. The scheduling of sessions was good. We had enough time to relax and get focused for the next session. Classrooms were very comfortable. Overall it was a good experience being a part of Loyola LIVE.
