*Intense hard work along for great skills shall help you win one success with another. There shall be innumerable obstacle strewn in your path towards success, however, what make a man truly worthy of the success that he attain is the ability to keep struggling until he can reach their goal. Giving up after a few failed attempts makes you a loser.*

*A truly successful man will keep trying and keep struggling until he perfects their art. Thomas Edison failed approximately 10,000 times while he is working on the light bulb and yet he never dreams of giving up – this is the hard work and the determination that marks a true success. Indeed, success are not measured by the position that you are inn, today but the amount of hard work you put in and the number of obstacles that you overcome to reached your goal.*
